

ALLIES PREPARED FOR CAMPAIGN

Have Been Assembling "Submarine Chasers" for Months
—Fleet of 4,000 Available.

New York, Jan. 31.—Great Britain and her allies are prepared to meet Germany's move in her submarine campaign it was authoritatively asserted in shipping circles. The entente powers were convinced that ruthless warfare with undersea boats would be decreed sooner or later and have known for ten days that the decision had been reached, it was said.

The ports of Liverpool and Bordeaux will be kept open at all hazards, British steamship representatives asserted, even if it became necessary to convey every merchant ship which crosses the Atlantic. The first step to be taken by the British admiralty, which virtually controls the merchant fleets of the allies, will be to arm every ship with guns fore and aft for defensive purposes, it was predicted.

To meet the emergency, which it was confidently expected would arise eventually, the British government has been assembling for months, it was said, a large fleet of small fast cruisers to be used as "submarine chasers." This type of War craft has proven very effective against undersea boats, well informed shipping men declared.

Agents of British lines declared the admiralty now has a fleet of 4,000 vessels available to keep the sea lanes clear of raiders and submarines and to act as convoys.

WORLD RECORD TOBACCO PRICE

Pounds On Bourbon
County Market.

Paris, Ky., Feb. 1.—The sky seems to be the limit in the matter of prices paid for tobacco on this market. Following a State record price of \$113 received for part of a crop Monday came a world's record price Wednesday, when part of the crop of Brennan & Gay, this county, sold for \$120 per hundred pounds. This is the top price ever paid for Burley tobacco on any market. The average received for this entire crop was \$28.24.

One house sold 131,185 pounds for \$27,300.50, averaging \$20.81 per hundred. Prices ranged from \$10 to \$126. In another house the sale was blocked on account of darkness and will be continued to-morrow. At a third house 36,510 pounds were sold at an average of \$20.25. The quality was fair to poor, but prices were on a rising scale and bidding was spirited.
